

IWA-Sport Child Safeguarding Statement

1. Name of Service being provided

IWA-Sport National Governing Body provides sporting activities and opportunities for children and young people through participation in local clubs, regional/provincial events and through our national teams. These activities and events are managed by the Management Team, including the Sports Development Officers, volunteers and oversight is provided by the Director of Sport. The strategic affairs of IWA-Sport are managed by the National Sports Executive Committee who may exercise all such powers of the Irish Wheelchair Association Board. IWA-Sport is committed to ensuring that children and young people are free from harm or abuse when participating in our activities and events.

2. Principles to Safeguarding Children from Harm or Abuse

The safety, welfare and development of children and young people are core objectives and key priorities for IWA-Sport. Everyone in IWA-Sport has a responsibility and duty of care to ensure that each child/young person availing of our events/activities is safe and protected from all types of harm/abuse including but not limited to physical/emotional/sexual abuse or neglect. The following set of principles should be adhered to;

- **Importance of childhood** - The importance of childhood should be understood and valued by everyone involved in IWA-Sport.
- **Requirements of the child** - Every child's experience should be guided by what is best for the child. This means that adults should have a basic understanding of the emotional, physical and personal requirements of each child and young person that they work with.
- **Integrity in relationships** - Adults interacting with children in IWA-Sport are in a position of trust and influence. They should always ensure that every child is treated with integrity and respect, and the self-esteem of every child and young person in IWA-Sport is enhanced.
- **Fair Play** - All children's activities should be conducted in an atmosphere of fair play. The principles of fair play in IWA-Sport should always be emphasised. Everyone organising and managing children's events/activities must adhere to our guidelines regarding acceptable standards of behaviour.
- **Quality atmosphere & ethos** - Children's events/activities must be conducted in a safe, positive and encouraging atmosphere.

- **Competition** – Competition in IWA-Sport is an essential element of sport and should be encouraged in an age appropriate manner. A child centred ethos will help to ensure that competition and specialisation are kept in their appropriate place.
- **Equality** – Every child and young person must be valued and treated in an equitable and fair manner regardless of ability, age, gender, religion, social and ethnic background or political persuasion.

The IWA-Sport Subsidiary Child Safeguarding Statement (CSS) and the policies and procedures outlined below applies to all IWA-Sport employees, volunteers and external contractors/facilitators and any person performing any role or function in, or on behalf of, IWA-Sport. IWA-Sport has a ‘NO TOLERANCE’ approach to any forms of abuse.
